

Report On Kho Kho Performance Held at The Mabombwe Sub Parish Tournament

Following the tournament that was organized on **23rd May 2026** by St. Jude Catholic Church Wakiso under the Parish Youth Apostate Games in Bukasa Zone, the preliminary games went on with Mabombwe Sub Parish on **30th 05 2026** under the same theme.

They were almost **6 zones** i.e. Nkoowe, Mabombwe, Sanda, Sanda etc....that competed in all disciplines Including Football, Netball, Volley Ball, Sack Racing, Bottle filling, among others therefore We had a privilege that two new disciplines got demonstrated and among them was Kho Kho.

I showcased Kho Kho to the zone's teams both boys and girls respectively and tackled the key points that the sport features. After the teams had a fair competition.

Amongst the zones, **Nkoowe Boys & Mabombwe** girls emerged the best with greater performance and points so they were chosen to represent Mabombwe Sub Parish in the finals that shall be held in Wakiso on **20th of July 2026**.

So next Saturday on **6th June 2026** the games shall resume with another parish as mentioned to be at Kasengeje in Wakiso District but due to the furthest distance and shortage in amenities it was scheduled to take place at **St. Augustine's College** in Wakiso Town after Kayunga.

In Conclusion the Tournament was successfully conducted with great sportsmanship and enthusiasm and it encouraged interests in indigenous sports.

Great thanks to the organizers and for connections too from the sports men that I was trusted with such a great occasion, am humbled and open to spread Khokho to the world.

Kho to the family of sports, Khokho anywhere Khokho everywhere
